### PROFESSIONAL SUMMARY

Full-stack developer with practical experience building scalable web applications using **.NET, Angular, Entity Framework, and MS SQL Server**. Skilled in both front-end and back-end development, with hands-on experience in enterprise solutions including HR Management Systems, Recruitment Platforms, School Management, and POS. Focused on clean architecture, maintainable code, and creating efficient, user-friendly applications. Always eager to learn and adapt to new technologies.

### WORK EXPERIENCE

#### Associate Software Engineer, Soft Gallery

Nov 2024 - Present

- Worked on two major products: Gallery HR (HRMS) and SeekNow (Recruitment System).
- Developed backend features using C# .NET MVC, Entity Framework, LINQ, MS SQL Server, and SSRS.
- Built UI components using jQuery/AJAX (Gallery HR) and Angular with RxJS, Reactive Forms (SeekNow).
- Worked on core modules such as attendance, leave management, onboarding, job posting, and candidate tracking.
- Managed deployment pipelines and application hosting via IIS servers.
- Automated HR reports using SSRS, enhancing data accessibility and decision-making.

#### Associate Software Engineer, Devzec Technologies

Jan 2024 – Nov 2024

- Contributed to a School Management System, focusing on database design, Web API integration, and Angular-based front-end.
- Developed stored procedures and generated dynamic reports via SSRS.
- Maintained deployment pipelines and application configurations.
- Improved user workflows by building efficient and scalable backend logic.

#### Intern Software Engineer, Devzec Technologies

Jul 2023 – Jan 2024

- Designed a standalone POS System using Windows Forms and .NET technologies.
- Built features for login, invoice generation, transaction handling, and receipt printing.
- Created interactive wireframes and intuitive UI using Windows Forms and best UX practices.
- Gained experience in software lifecycle management and working in agile teams.

### EDUCATION

#### BEng (Hons) in Software Engineering

Feb 2023 - Sep 2024

London Metropolitan University

#### Higher National Diploma in Software Engineering

Feb 2021 - Feb 2023

E-soft Metro Campus

#### GCE Advanced Level

Jan 2017 – Sep 2020

S. Thomas' College

## SKILLS & TECHNOLOGIES

### Front-End Development:

- Angular, React, jQuery, HTML5, CSS3, JavaScript, Tailwind
- UI/UX Design, Wireframing

### Back-End Development:

- C#, ASP.NET Core, .NET Framework, Entity Framework
- Web API, Spring Boot (Basic), Node.js (Basic)

### Database & Reporting:

- MS SQL Server, Stored Procedures, SSRS Reports
- MongoDB (Basic)

### Tools & DevOps:

- Git, Visual Studio, VS Code, Postman, IIS Server
- CI/CD Pipelines, REST API Testing

### Other Tech:

- MERN Stack (Basic): MongoDB, Express.js, React, Node.js
- 

## PROJECTS

### HR Management System – Soft Gallery

Technologies: C# .NET, Entity Framework, MS SQL Server, jQuery, SSRS

- End-to-end development of HR modules: employee directory, leave management, attendance, and payroll.
- Designed reusable components for CRUD operations and implemented role-based access control.
- Automated report generation using SSRS for HR and accounting departments.

### School Management System – Devzec Technologies

Technologies: ASP.NET Core, Angular, MS SQL Server

- Developed features for student records, scheduling, exams, and result management.
- Integrated Web APIs and worked on real-time data handling using Angular services.

### POS System – Devzec Technologies

Technologies: Windows Forms, .NET Framework

- Built standalone billing software with login, direct printing, and data synchronization features.

### BINHUB Waste Disposal Reselling System

Technologies: PHP, E-commerce

- Facilitated waste-to-resource transactions via a community-driven e-commerce platform.

### E-COM Computer Store Web App

Technologies: ASP.NET MVC

- Developed a custom product builder and shopping experience with real-time inventory updates.
-
